PROFILE

A passionate and detail-oriented Front-End Developer with expertise in HTML, CSS, JavaScript, and React. I specialize in creating responsive, visually appealing websites that prioritize performance and user experience. My strong technical skills, combined with a creative mindset, enable me to deliver solutions that are both functional and engaging. Known for problem-solving, adaptability, and a collaborative approach, I excel at turning complex requirements into seamless, scalable web applications. Ready to contribute to innovative teams and drive impactful digital experiences in dynamic and fast-paced environments.

WORK EXPERIENCE

Front End Developer **SEPTEMBER 2022-- PRESENT**
Freelancer, Cambridge

- Designed and developed responsive websites using HTML, CSS, JavaScript, and React, ensuring seamless mobile compatibility.
- Collaborated with clients to deliver custom web solutions tailored to their needs.
- Focused on optimizing performance and creating user-friendly interfaces to enhance user engagement.

Trainee Full-Stack Developer **September 2023- July 2024**
IT Career Switch, Cambridge

- Gained expertise in front-end technologies like JavaScript and React while building foundational back-end skills.
- Developed full-stack projects, integrating RESTful APIs and databases to deliver scalable solutions.
- Strengthened debugging, testing, and version control skills to ensure high-quality code delivery.

Assistant Manager **September 2022- April 2024**
Admiral Slots, Cambridge

- Oversaw daily operations, managed a team, and ensured compliance with regulatory standards.
- Streamlined processes to improve efficiency and enhance the customer experience.
- Developed leadership and organizational skills in a fast-paced environment.

CERTIFICATIONS

- Full Stack Development Training (2023-2024) - Expertise in front-end and back-end technologies.
